CUSD Board Agrees To Sell Sunset School To City for \$550,000

Passed by a unanimous vote of the board of education of the Carmel Unified School District was a resolution proposing the sale of Sunset School to the city of Carmel. The tentative price set on the 3.9-acre site and the structures, including the auditorium, \$550,000. The sales contract is contingent on the opinions of the firm of Stone and Youngberg, financial advisors, and on the approval of a bond issue by a two-thirds majority of voters to raise all or a portion of the purchase price.

In summarizing the resolution, board member Clayton Niell stated further stipulations: the CUSD will retain full use of the property thru the 1964-65 school year, the district may use the auditorium or its equivalent, if the old building should be razed, for 21 days a year—for a period of 25 years, paying only for utilities and custodial services. (A new school would not then need an auditorium, which is for limited use). The playground equipment would be left for the use of children in the area. The City of Carmel will hold an option on the property until January 1965, at which time 60% of the purchase price must be paid. If the option is then dropped, the 10% or \$55,000 dollars will go to the school district. Title search and insurance fees are to be split by the interested groups.

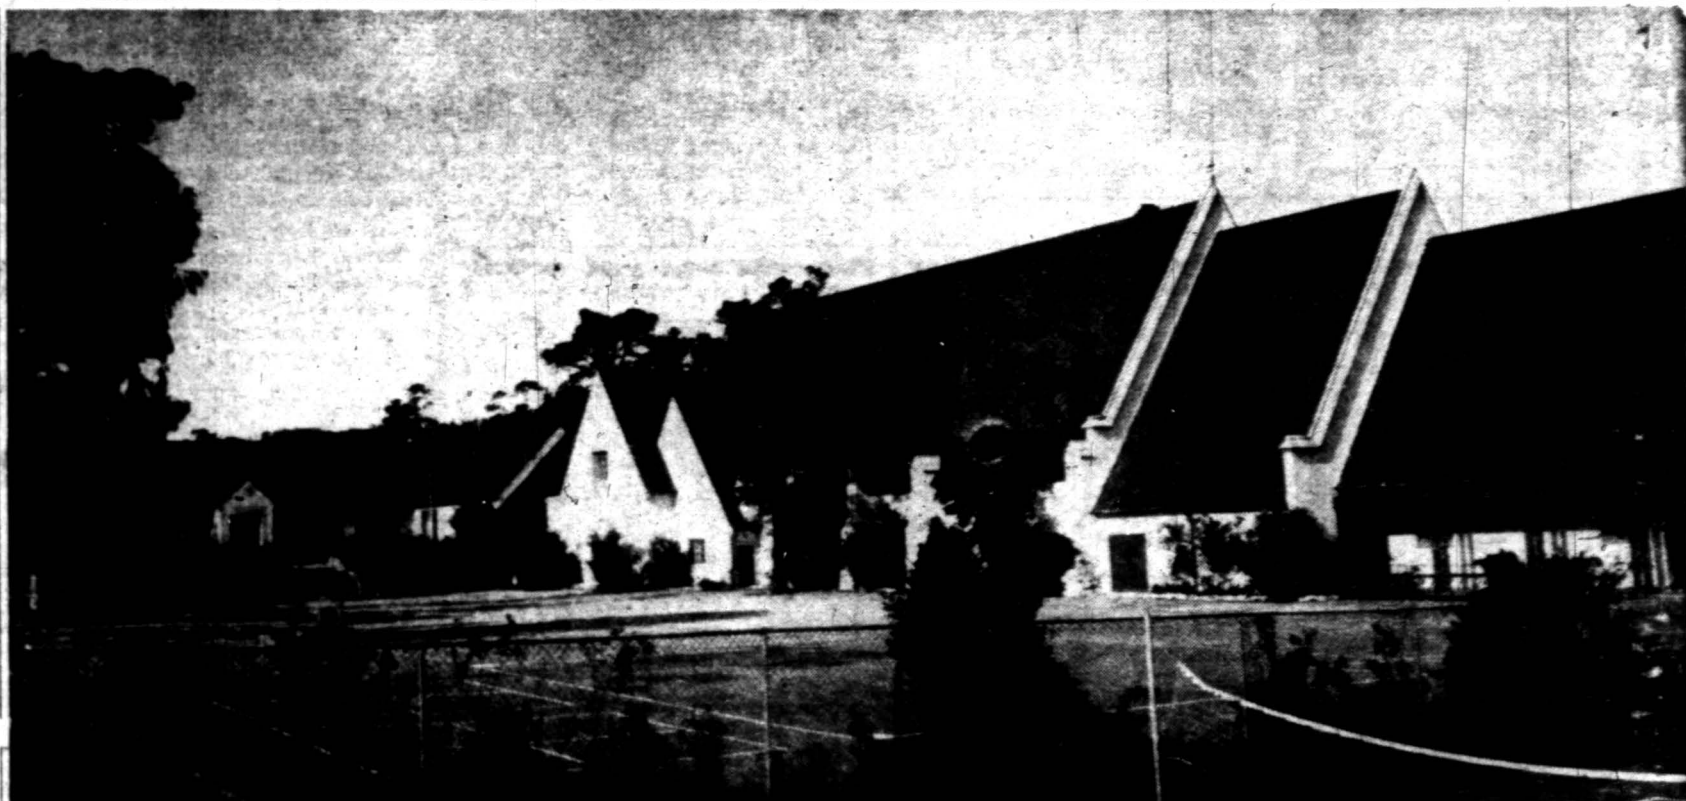

The proposed sale must be advertised, by law, for three consecutive weeks before any further action may be taken. At the end of that period, since no further action need be taken by the school board, the agreement may be formally signed by Dr. Robert Newton, chairman.

The entire board voted yes to a resolution proposing that the entire amount of money resulting from the sale of Sunset School will be used only for major capital improvement. This earmarks the \$550,000 for the building of a new school to replace Sunset, it will not be spent on salaries or maintenance of existing schools. It was pointed out that the need for expansion is apparent, as of November the total enrollment for the district was 2,727 pupils. The expected growth rate is 5% per year, or somewhere between 100 and 150 new students entering our schools every year.

Other actions by the board included acceptance of a bid of \$2,435 submitted by Mr. Carl Moberg, for additions to the Bay School. The items included are: sub-floors, foundations and rough plumbing. Inspection of the work will be carried out by building department of the County Inspector's Office.

Members of the board also voted unanimously approving a swimming program for Carmel Valley, when and if, the Community pool there is completed. The CUSD will operate the pool along the same lines as the high school pool program, which includes beginning swimmers' instruction and recreational swimming. Instructors and life guards will be furnished by the district. A fee will be charged for using the facility which will help pay for operating costs and defray mortgage payments. The proposed pool will cost approximately \$48,000, a lower figure than expected due to the dressing rooms

Sunset School as it appears today. The first Sunset School was a subscription school located on Dolores Street near Seventh Avenue. When there were seven pupils, the county made it a school district under the tutelage of the first teacher, Miss Westfield. Small picture below, taken

in 1906, shows the first Sunset School built on the present site at Ninth and San Carlos, in the present patio section. Ten people graduated in 1916. Sunset Auditorium was completed in about 1932.

Bent Thingums, Busted Widgets Make For A Different Pine Cone

If your PINE CONE doesn't look the same this week, it's because we've lost our grip—or our grippers, at least.

Our printing press, a Miehle flat-bed No. 4 2-roller, has a set of small gadgets which grab the sheet of paper and pull it down around the cylinder where it is printed. When the sheet gets back up to the top, the gadgets let go of the paper and it is delivered out the back of the press. These gadgets are called grippers.

Well, the grippers are operated by a couple of pins which stick into a thingum, and the two pins are pushed in and out by a widget. One of the pins missed the thingum and got broken off and bent. When the widget tried to pull the pin, it also gave under the strain. The upshot of all this nonsense

is that we were unable to print our paper this week. Friend Harry Casey, who operates the King City Rustler-Herald, came to our rescue. We made up all our pages and hauled them to King City and placed them on Harry's press. Then we carted the printed papers back to Carmel.

If you think our press is complicated, you should see Harry's. It's a web-perfecting AB Duplex, also a flat-bed, with an upper and lower deck.

Anyhow, it is untroubled by bent thingums and busted widgets. We hope you like your PINE CONE. It is made of blood and tears.

M.P. Baha'is Observe Human Rights Day

"Human Rights — a Search for Personal Freedoms" was the theme of the program sponsored by the Monterey Peninsula Bahai's last Saturday in observance of Human Rights Day.

The coffee meeting was held in the Guitar Shop in Carmel, with Miss Norma Gimlin as principal speaker and leader of the open discussion that followed.

The Universal Declaration of Human Rights was adopted by the United Nations on December 10, 1948—just 15 years ago. It states in its preamble that "recognition of the inherent dignity and of the equal and inalienable rights of all members of the human family is the foundation of freedom, justice and peace in the world." This is a basic principle of the Baha'i Faith and has been since its beginning over 100 years ago.

PADRE PATTER

by Mary Hurn

Jim Miller, senior at Carmel, has been named by the National Council of Teachers of English a 1963 national runner-up in its annual Achievement Awards competition. This means that Jim is one of 870 outstanding high school English students in the country.

Last spring, a committee of English teachers from the high school nominated Jim to represent Carmel in the competition. Almost 6,800 students were nominated by the nation's schools for the NCTE award.

The NCTE sends to all runners-up a scroll of recognition. It honors their high school departments with certificates of merit. The Council also sends the names of these students to their respective congressman and governors.

Mrs. Mohler, Mrs. Brey, and Mr. Rylander have been Jim's English teachers at Carmel High School.

Last year, Jim was the editor of the *Chameleon*, Carmel's student literary magazine. He is well-known around the high school for his poems and short stories. This year, Jim is the editor of a poetry column in the school newspaper, the *Padre*.

Another Carmel student, Lolita Concepcion, has recently received an award. Each year, the senior girls at Carmel vote for a Daughters' of the American Revolution "good citizen." This year, Lolita was elected to receive this honor.

Due to an oversight, Jean McEwen's name was not mentioned last week on the Honor Roll. Jean earned Honors for the first quarter.

Mrs. Beth Garcia, sculptor and ceramist, who was awarded her M.A. at Mills College, and is an active member of the Carmel Art Association, contributes her original tile to A.F.A. Christmas Creations.

"The Magic Fishbone" Never Happened Before

Recently opened in the tiny court in back of Carmel's Clam Box Restaurant on Mission near Sixth is a shop that could happen only in Carmel. Its name is "The Magic Fishbone," and, curiously enough, in this highly literate community, its merchandise fills a lack which has never been filled before. The "Magic Fishbone" is a shop devoted entirely to children's books.

The beautiful rectangular room, with its white walls, its Colonial red and gold braided rug and simple early colonial settee and chairs, is the setting for children's books.

The enchantingly colorful volumes range the walls on easily accessible shelves and are grouped according to subject. There are picture books for the nursery age; stories of fairies and fantasy, poetry and adventure; history, reference books and dictionaries. There are the best loved classics as well as the delightful successes of today.

The shop is the dream of many years come true, for Mrs. Howard Bruggeman, who has had a wealth of experience as a teacher of juveniles.

As a shop keeper, Mrs. Bruggeman's vision carries her far off the beaten track. "I hope," she

told, "that in time there will be groups of young mothers, grandmothers and even expectant mothers who will meet here to talk over the reading habits and desires of their children. "I've already been visited by kindergarten and primary school teachers.

New Car Show In Pacific Grove Saturday

A showing of new car models, sponsored by the Pacific Grove Chamber of Commerce, the Monterey New Car Dealers Association and the Forest Avenue Shopping Center, will be held at the shopping center this Saturday, weather permitting.

G. Kenneth Murdoch, manager, Pacific Grove Chamber of Commerce, announces the following dealers who will participate: New car showing—Forest Avenue shopping center, Saturday, Dec. 14, 1963

Wester Motors, Inc. (Volkswagen); Merrill Motors (Olds); Roller Chevrolet Co., Waters-Beebe Co. (Renault); British Motors of Monterey, Stahl Motor Co. (Mercedes); Cypress Motors (Chrysler); Beattie Motors (Ford); Graham Buick, Inc., Principal Motors, Inc. (Lincoln); Murray Vout, Inc., (Dodge); Carlisle Rambler, Butts Pontiac-Cadillac, Inc.

Right now I'm planning an "old book" party. It is for everyone in the area who has a treasured volume of their childhood that they would enjoy showing, not only to children of today, but to nostalgic grown-ups."

The new shop's name is the result of a dual inspiration—the little known fairy tale "The Magic Fishbone" by Charles Dickens and the proximity of the famous little sea food restaurant, "The Clam Box."

Christmas shoppers, with juveniles on their lists will find "The Magic Fishbone," with its book-wise owner, a delightful port in time of stress. A visit, whether you plan to buy or browse, is a refresher, a Carmel experience not to be missed.

Sallie's Shower Guests Surprised

Honoree and guests were pleasantly surprised at a recent linen shower honoring Miss Sallie Judith Ahl, daughter of Captain Ben Ahl USN (Ret.), and Mrs. Ahl of Carmel Valley, when co-hostesses Misses Marilyn Kudell and Patricia Prizer substituted a period of slide viewing for the more traditional entertainment.

In the excitement of the engagement announcement of Miss Ahl to Lt. Jefferson Rice Dennis (USN), Judy's account of her recent world tour has been secondary to the plans for the Dec. 28 wedding in Carmel.

A selection of Miss Ahl's slides were shown of her travels in Japan, Thailand, India, Kashmir, Jerusalem, Syria, Egypt, Greece, and the European continent. The guests were particularly surprised

to see Judy upon a bedecked elephant for her visit to the ancient city of Amber near Jaipur and upon a camel for a journey to the Pyramids. The artistry of Miss Ahl's slides drew continued compliments from the viewers.

The setting for the afternoon tea was the Carmel residence of Col. (USA Ret.) and Mrs. O. H. Prizer, and the guest list included Mesdames Ben N. Ahl, Charles J. Patton, Louis DeLaPaz, Albert J. Pavia, Robert D. Strum, Arthur Rodriguez, Oliver H. Prizer, Miss Genevieve Gehres, Miss Margaret Colvin, Penny Patton, Marilyn Kudell and Patricia Prizer.

Dispensing with flesh and blood actors, "The Titan" uses portraits, prints, paintings, architectural details and statues as its players. The dialogue is written, not with the scenarist's pen, but by Michelangelo's chisel and brush.

Two of the drama students from Monterey Peninsula College's acting class, under direction of David Kirk, presented a scene from "Private Lives" by Noel Coward at the December luncheon meeting of the California retired Teachers' Association, held yesterday at the U.S.O.

Veronica Taylor Weds Anthony Lombardi, Jr.

In the living room of her home, converted into a bower of flowers for the occasion, Veronica Taylor, the daughter of Mrs. Joan Taylor of Carmel was married to Anthony Lombardi, Jr., the son of the Anthony Lombardis of Monterey, in an early afternoon ceremony on Nov. 23. The nuptials were performed by Judge Eugene Harrah, a family friend of many years.

The bride chose a cocktail length frock of bridal brocade with fitted bodice, Sabrina neckline and bouffant skirt. A crown of seedpearls and Alencon lace held her shoulder length veil and she carried a cascade bouquet of butterfly orchids.

Veronica's attendants were Mrs. Robert (Bernice) Evans of Monterey and Miss Laurie Haviland of Burbank. Their dresses and tiny pillbox hats were of pale beige. Anthony's best man was Robert Evans of Monterey.

Mrs. Taylor, mother of the bride donned an ensemble of vanilla toned satin and lace and wore a corsage of white orchids. Mrs. Lombardi, the groom's mother, chose a gown of nutmeg shaded chiffon with matching hat, her corsage was of brown orchids.

A reception for 120 guests at the Monterey Peninsula Country Club, followed the ceremony.

Born in Shanghai, where her father was an executive with the American Tobacco Company, Veronica's babyhood was spent in China. The family arrived in Carmel when she was past three years old. She attended Sunset kindergarten, Woods and Sunset grade schools and graduated from Carmel High School in 1960, going on to attend Monterey Peninsula College.

Following a Tahoe honeymoon Mr. and Mrs. Lombardi will reside in Del Rey Oaks.

● SUR COAST

(Continued from Page Twelve)

Further, it is proposed to remove the deposit from the back of the mountain, not from the face of the mountain, or that side visible from the west. The speaker, a former professor at Stanford University, and presently chairman of the Santa Cruz County Planning Commission, Vice Chairman of the State Planning Commission and chief officer in the Granite Rock Company, further stated that the fastest possible rate of attrition would be four hundred feet in a thousand years. The material would not be transported by trucks to industrial centers but would be moved by barges that would come in, when weather permitting, load and leave. There would be no anchoring of barges on the coast, except during loading periods. Further Mr. Woolpert explained, that the operation which would employ as a possible maximum a dozen men, would simply be a matter of removing the limestone, shipping to centers of population for use in industry. There would be no plant of any kind located in the coastal area.

During a question and answer period that followed, Mr. Courtland Hill stated that under the proposal he will retain architectural control of his property.

The officers and Board of Directors of this newly formed Coast Property Owners Association will hold their next meeting on the second Monday in January and will have as their principal order of business the drafting of By-Laws to be presented to the association membership at a later date.

The Annual Big Sur Community Christmas Program will be held at the Big Sur Grange Hall, Friday evening December 20th at 7:30. Students of the Captain Cooper Elementary School, under the direction of Mr. Gene Perrine, will present their Christmas Program.

An arithmetic teaching machine is the proud achievement of two boys in the "upper grades" of Mr.

Lynn Cadwell's classes, at the Captain Cooper School, Big Sur. The "machine," which operates on flashlight batteries on the open circuit principle, was made as a science project by James Somerville and Mark Sullivan, and produces correct answers (at the sound of a buzzer) to simple addition and subtraction problems. It was presented to Principal-Teacher, Mrs. Rowena Kelly to be used as an aid in teaching her first and second grade pupils. Other students, in the fifth and sixth grades are beginning to work on a similar "machine" that will produce answers to multiplication and division problems for use of Mr. George Selvig's intermediate grades.

It was a week-end of music and poetry last Friday, Saturday and Sunday at Big Sur Hot Springs Lodge, Big Sur. Gathered were poets and musicians from Big Sur, San Francisco and Los Angeles among them Peter Yates, poet, critic, musicologist of Los Angeles, Melissa Blake and Lyon Phelps, poets of Big Sur and musicians, Peter Ind, Peter Melchior and Owen James, flutist of the well known James Trip of San Francisco.

A week long workshop beginning Sunday, December 22 and ending Saturday, December 28, will be held at the Big Sur Hot Springs Lodge, presented by the Education Extension and the Department of Education of the University of California, Berkeley. This non-credit course (with its enrollment limited to 50) is entitled Education of the Imagination, a human relations and creativity workshop to discover the excitement of personal growth. The staff of eleven will include professors from the University of California, Mills College, San Francisco State College, Albert Einstein College of Medicine, New York City and Oakland City College. For further information contact University Extension, University of California, Berkeley or the Hot Springs Lodge, Big Sur. The Lodge is located forty-one miles south of Carmel on Highway One.

The Sur Coast

By ELIZABETH FULLER JONES

Property owners along the Sur Coast from Malpaso south to the San Luis Obispo County line met at the Grange Hall in Big Sur recently for the express purpose of forming a property owners association.

Harry Dick Ross, chairman pro tem, stated that a group of property owners had met in late October and again early in November to discuss the possibility of such an organization that would have as its boundaries those covered by the Coast Master Plan including the area to the ridge of the Santa Lucias, and would act as a "watch dog" for the Plan in an effort to maintain the scenic beauty and recreational appeal of the area.

The consensus of opinion was that there was a need for a permanent organization where owners could express their thoughts and have their majority views brought before the centers of power, such as the County Planning Commission, the Division of Fish and Game, the United States Forest Service, Division of Highways, etc. Owners present voted to form the organization to be known as the Coast Property Owners Association, with officers for the first year: Ralph B. Atkinson, President, Hans Ewoldsen, Vice President, Esther Ewoldsen, secretary, Marjorie Johnson, Treasurer. A Board of Directors was elected, representing the various areas along the more than seventy miles of coastal area. For the Malpaso to Rocky Point area, Al Moraz, Bixby Creek, Margaret Brazil, Big Sur Brooks Clement and William Fassett, Partington Ridge, Harry-dick Ross, Sycamore Canyon, Ev-

erett Makowski, Lucia, Marion Harlan, Gordo, Jan Brewer and the Hot Springs, Michael Murphy. A representative from the Palo Colorado area will be elected at a later meeting. Alternates, Mabel Plasket, Doris Fee and Norman Gobe, representing the south, middle and north areas, respectively. Guest speaker for the first meeting of the new organization was Mr. Bruce G. Wollpert, President of Granite Rock Company, owner of Pico Blanco and its vast limestone deposits.

Mr. Wollpert was introduced by Courtland Hill, owner of the Hill Ranch, and was invited to come before the meeting to tell of his company's plan to remove limestone from this highly controversial and well-known land mark in the Little Sur River area. Mr. Wollpert said that there is about a thousand acres of limestone in the mountain, one of the largest deposits in the country, and it is proposed to be removed by running a conveyor down across the Hill Ranch and to be transported to San Francisco or Los Angeles by barge. The conveyor, Mr. Wollpert described, would be approximately four miles long, would be housed in a four foot square concrete trough, turned upside down so that the conveyor would be out of view. Considering the scale of the area and the plan of following the natural contours of the land, the conveyor would appear as a thin line, as of a fence coming down the mountain. The guest speaker went on to say that it is proposed to place the conveyor in a tunnel under the scenic corridor.

Carmel Business Association Elects New President

"Our membership is, tonight, on the edge of the 200 mark, and our aim is to double it in 1964," retiring president Howard Brunn told the assembled members and guests at the festive Christmas party of the Carmel Business Association held last Thursday evening at Mission Ranch.

Taking over the gavel from Mr. Brunn was the newly elected president, Mrs. Isabel Tostevin whose enthusiasm for her new duties won waves of applause.

In reviewing the past year's accomplishments, Mr. Brunn emphasized the city's growth; the fact that there were approximately 1500 business licenses recorded during 1963; that Business Association representatives attended all City Council meetings and that the incoming president, Mrs. Tostevin, had been attending meetings of the Bay Area planners.

Mayor Eben Whittlesey and Mrs. Whittlesey were honor guests of the evening. The Mayor com-

plimented the Business Association upon its program and its interest in civic affairs. He said that Council meetings are open to all, but if all Association members came at once the Council might be a bit crowded.

In scarlet robes and snowy white surplices the Carmel High School advanced choir, under the direction of Music Director John Farr gave a program of Christmas carols traditional and contemporary. The quartette, cut down to three because of the illness of one

CARMEL VALLEY

MEMOIRS OF JOE HITCHCOCK

BY MARION CRUSH

Continuing with my ranch life in early Carmel Valley—In 1886, Mr. Hatton had my father move down to the house east of the Los Laureles Lodge because the dairy was conducted at the old Boronda Adobe at that time. Paul Rigoli was the dairy foreman and Henry Stenzick was the cheese maker. The house we lived in has been torn down since that time.

In those days work was hard for all and the working day was a long one. By the time the evening chores were done, the men were ready for sleep—especially during the plowing and haying season. Much hay had to be cut and stacked after the barns were full to feed the dairy stock and range stock that needed extra feed during the lean winter months. Life consisted of hard work but it was simple and everyone was happy. There was always plenty to eat—wild game such as deer, rabbit, quail, wild duck, and an occasional domestic hog which had gone wild.

While the work was hard for the men, the women also worked hard. The day begun at 5 a.m. The first task my mother performed was to start the kitchen stove and put on the old cast iron kettle to heat water for coffee. The men folk then went to the barn to feed and water the horses and milk the cows. Mother would get breakfast during this time and we'd eat about 6 a.m. During harvest time or plowing time, it was necessary to arise even earlier. Work began for all as soon as it was light enough to see. My mother's tools consisted of a cast iron black stove, many pots and pans, a primitive sewing machine, a wash board, and a large washtub which played double duty as a laundry tub and bath tub. There were no pushbuttons, but our shirts always had buttons on them. When hired help had to be fed, it doubled mother's work. I have seen the time when she baked 16 to 20 loaves of bread each day. She also found time for churning and if there was an over-supply of milk, she made her own cheese. When the Christmas holidays come around, I always think of how different they are compared with the holidays when I first began to remember. All the ads in the papers for gadgets with "the little woman in mind," seem to bring not half as much happiness as we had when simplicity reigned supreme. The Indians were happy if they had a pestle and metate to help them in their household tasks, even though they had to cook in an open fire. With the coming of the white man, stoves were introduced also cast iron kettles and skillets. But the only mechanical device in my mother's kitchen was the coffee mill fastened to the kitchen wall. Each morning the welcome sound of coffee being ground told a new day was being

born. These old gadgets are now prized and only a few are fortunate to possess them.

When it rained, my mother had a problem on her hands. Her favorite saying was "Dia de lluvia es dia de Paukadas,"—a rainy day is for spanking. When kids are corraled in the house there is surely fighting going on. Fortunately for mother, rainy days were fewer than sunny ones. The women were hardy in those days and at home in the fields as well as the home. Our neighbor, Mrs. Steffani, who was an expert in the kitchen, was also just as much at home on her horse Eurke in her favorite side saddle or in the seat of a lumberwagon driving four horses. Even though she was a very busy person, she was ready to help a neighbor in sickness or trouble. Neighbors always pitched in to help other neighbors. Butchering was a time for this kind of help. I can still remember seeing my parents going up to John Berta's to help make salami, corned beef, or perhaps jerky. Friendships lasted through many years.

VAMP Seeks Info on Events During 1964

The Convention Bureau and Visitors Association of the Monterey Peninsula (Vamp) will publish a calendar of events for the coming year and would like to receive information from groups wishing to list special events.

The events should be of such a nature that they are of interest to visitors from outside the area and which might attract additional tourists to the Peninsula.

It is especially desired that any and all activities be included in this event calendar. Information should include name of organization or sponsor, name of function or event, date and location.

It is requested that the information be submitted not later than Dec. 20, 1963, to VAMP, P.O. Box VAMP, Monterey.

HIDDEN STARS

The snow is falling silently, so softly,
Shaped as little flowers. It rests
In the shivering trees like little nests
Deserted. Its whiteness fills my restless heart
With the deep peace of Christmas, and a part
Of all its joy,

And yet —
How much I miss the stars!

The snow is falling silently. The stars
Must hide their lovely silver gleam.
I cannot hope to see, as in a dream
God's holy angels, who in ever changing throng
Ascend wide stairs of heaven to chant the song
Of Christmas.

This night —
How much I miss the stars!

"Amahl" at Circle Theatre Is Lovely Christmas Program

A 14-year-old Monterey boy will have the leading role in Gian-Carlo Menotti's "Amahl and the Night Visitors", opening Saturday evening for a limited run at the Golden Bough Circle Theatre. He is Mark Spray, who received his vocal training as a soprano in the boy's choir of St. Timothy's Lutheran Church. Salinas mezzo-soprano Charlotte Boger, seen here last summer as Mrs. Peachum in "The Beggar's Opera," will play his mother.

Director Ted Huffman, Marina tenor James Hull, and Terry Eby, another leading singer from "The

Beggar's Opera", will play the Three Kings who pause on their journey to Bethlehem in the cottage of a lame shepherd lad and his poverty-ridden mother. Carmel High School student Francis Kibler is cast as the Page who carries their treasures.

A gay assemblage of shepherds and shepherdesses includes Harriet Bird, Carol Brauss, Michele Buhler, Dick Chamberlain, Alfred Cooper, Gail N. Cooper, Margaret Phillips, Alison Reed, Duncan Reed, Lisa Treat, and Kathy Wilson. A shepherds' dance has been choreographed by Marcia Hovick. Camille Olaeta is the pianist for the production, and Arthur Dahl, Jr., the flutist.

Saturday and Sunday matinees at reduced prices have been inaugurated at the Circle for this Christmas program, and special children's rates are also in effect.

"No Book Larnin' for Kids Living in Paloma Region"

(Reprinted from The Rustler, King City, Calif.)

Dinky's not really playing hooky. He just doesn't go to school.

Neither do his brothers and sisters—Bob, Mona Lisa, Carol Ann nor Sammy. Nor do 12 other children who live just over the hill.

While Americans pour millions into an educational program that will keep Johnny apace with Ivan in the battle of brains and while Governor Pat Brown brags about California's great educational system, 17 youngsters in the Paloma district lead the life of Huck Finn.

Because nobody wants to educate them. Not bad enough to come after them, anyhow. And Dinky, his brothers and sisters, who belong to Mr. and Mrs. Bob Manjares and the 12 children of the Wallace and Crosby families haven't any way of getting to the end of the bus line.

There's no driver—nor car, for that matter—to shuttle the Manjares, Wallace and Crosby children the eight miles to the end of the school bus run on the Jamesburg road.

And even those who like to brag of their walks and horseback rides to school in the old days will admit that eight miles is a long way for a tot to toddle by 6 a.m. After that it's a two hour bus ride to Carmel school.

Until Oct. 25 the school bus traversed the Jamesburg road as far as Mae Cahoon's turnoff in two shifts. One run took the older youngsters into Carmel school. The second carried the little ones

to Tularcitos school in Carmel Valley. But — since the cut off date, the school bus run only reaches Hastings, eight miles from the stranded 17.

Until recently there were 22 school-less children in the Paloma hills. But Mr. and Mrs. Bob Dudley gave up the fight and moved into Monterey to enter their five in school there. They wanted to move to King City or Greenfield, but couldn't find housing.

First, according to Mrs. Dudley, they fought the good fight. They carried their message to the Carmel school board of trustees but were informed that the youngsters in the Paloma district weren't that board's problem.

Perhaps—on the hypothesis that the Paloma flows into Piney, which flows into the Arroyo Seco, which flows into the Salinas, at Soledad, the youngsters should go to Soledad school. Or, mayhap to Greenfield school. Officials, says Mrs. Dudley, were rather vague about this. Or confused!

But—since property owners of the area pay taxes into the Carmel district they felt Carmel school board should have the responsibility. Not so, said Medill Bair, superintendent.

Ed Coffin, county superintendent of school, wasn't any more help, said Mrs. Dudley. And Max Rafferty, state superintendent, answered that it "is a local problem."

Senator Farr remarked that it is not a state problem. And Congressman Burt Talcott finds no federal jurisdiction.

Meanwhile back at the ranch, Mae Cahoon had an answer. Monterey County Youth Federation has a summer camp on land leased from Mrs. Cahoon. Buildings, playground, complete facilities there would make an ideal school and, she reports, the camp authorities would make it available. "If they can't send a bus, send a teacher," is Mrs. Cahoon's remedy.

No teacher has shown up in the wilds of Paloma—nor does the bus come around the bend.

Mrs. Cahoon wonders why the state wants to spend a half million bucks to build a camp to re-

habilitate criminals at Piney Creek yet can't find a way to provide an education for 17 youngsters on Paloma Creek.

Mr. Coffin was at a conference in San Francisco and unavailable for comment.

Studying means of improving the educational system in Monterey County, no doubt.

From A Librarian's Notebook

By Ruth Galvin Thornburg, City Librarian

A brisk circulation has started with our collection of books on Christmas. We have put all of them on top of the card catalog near the desk. They all circulate for one week to enable everyone to have a chance. Now if you need material on some phase of holiday celebration, come in now and do your checking rather than waiting until the last minute. Last-minute-ers are often disappointed.

Hawthorne Books, Inc. is publishing a series of compact books on history. The latest one is entitled **The Compact History of the Revolutionary War** and was written by Ernest and Trevor Dupuy. Written from a military standpoint, the authors stress the importance

of General Washington and give him primary credit for the success of the war. Maps are the illustrations and there are many of them. The type and spacing of this book make it an easy on the eyes thing, and so it suggests itself as a good gift for an older reader who is interested in serious history.

The warm touch of Gladys Hasty Carroll once again works its magic in **To Remember Forever**, the second volume of her memories. This one follows **Only Fifty Years Ago**, but stands alone if you missed the earlier one. A personal record of life in New England and especially life in a co-educational college during the twenties.

Carmel Dazzlers appearing in Christmas Capers at Sunset Auditorium tomorrow and Saturday night. L. to R. Sandy Barry, Tina Sanford, Kate Dalton, Joy Coggins; also Joanne Thompson, Susie Springer, Pam Baldwin, Viki Brinsmead, and Kit Elber. George T. C. Smith photo

And speaking of memories, we have **As I Remember Them** by Eddie Cantor. Here are short accounts and evaluations of early days in radio and on stage, and of the characters who worked with Cantor. Pictures too, most of them taken years ago when show business was the only business and everything came up roses. Just to read what he says about all of it will give you that old feeling.

Last week we had the book on

Californians and this week we have a book on Americans, all of us, the same being written by Russell Lynes who wrote **The Taste-makers**. This new one is entitled **The Domesticated Americans**. The author is managing editor of Harper's Magazine. The earlier book being concerned with taste, this one is concerned with manners and the households in which the manners took shape. The illustrations are fascinating.

Lady of France is a biography of Gabrielle d'Estrees, mistress of Henry the Great of France. The biography is the first ever written in English about this woman who lived to be only twenty-six years of age and who would have been Queen of France had she lived but a few weeks longer. The author,

Paul Levine, has written other books about famous women.

We think of books from a gift-giving standpoint at this season, and there is one which might make a heartening gift to parents who need encouraging. It is entitled **Take One Step** and it was written by Evelyn West Ayrault, a woman who was born with cerebral palsy. She tells of her struggles to adjust to normal living, and to graduate from college and develop a career. But she did it. She also tells of the mistakes her parents made and this is the part of the book which might be especially valuable to parents of palsied children. Finally, she tells of the excellent things they did which forced her to develop and become more like normal children.

"Chatty Kathy" a treasure, unrivalled, for a little mother to converse with.

All The World Loves A Beautiful Doll

How would your small daughter or granddaughter like a beautiful doll with nine handmade outfits for Christmas? This is the question the mothers of the Carmel Parent Nursery are asking their friends this week as they explain the raffle tickets they are selling for two beautiful dolls: a "Chatty Baby" doll for the younger set, and a "Brigitte" teen doll for the older girls.

The drawing for the dolls will be held Monday, Dec. 16, at the regular meeting of the group, and the winner need not be present to win.

The proceeds will go to the building fund to help finance the new wing being added to Bay School. Tickets may be obtained by calling the ticket chairmen: Mrs. W. K. Stewart at 624-2544, or Mrs. Robert Wells at 624-2289, or any other member of the Carmel Parent Nursery.

A lady doll of elegance that will make Christmas morning just perfect.

Wolves To Be Knighted

Monday at Sundown

A pack of howling wolves will benefit the Monterey Junior Chamber of Commerce "Junior Achievement" project at the annual Wolves' Night pre-Christmas fashion show, for men only, to be held at the Mark Thomas Inn next Monday, Dec. 16, between 5:30 and 7:15 p.m.

The Peninsula's traditional showing of glamorous ladies' fashions for the men is geared to the male psychology.

Charles Vandagriff, who is coordinating the show, says:

"Men like to travel in packs. Especially in the strange terrain of women's wear. Wolves' Night gives the timid a chance to be brave and, if necessary, to fortify themselves with a cup of mead."

The theme for the 1963 event is Old English. The title has been altered to "Wolves' Knight." Appropriate folk music will be sung by Alicia Harby, former Mardi Gras Queen.

Dee Olivetti and Bob Johnson, veterans of local musicals, will be teamed as co-narrators. Emmet Rodifer will serve as Court Jester, and popular Lucky Friesen will open the show on horseback.

Pagegirls who will serve libations to guests include Dorothy Schmidt, Patty Miller, Norma Holman, and Shirley Pefer. A bevy of beautiful models will represent the following participating shops: Kramers, Village Shoe Tree, Footlights and Fancy, Danni Robin, The Sow's Ear, Retta Calhoun, Romana Fashions, and Bruhns. A specially designed key made by sculptor Don Buby will be auctioned.

The \$1.00 donation tickets are available from all JC members or may be purchased at the door.

Mrs. Jennison Heaton, general chairman of Christmas Creations, marvels at the glowing beauty and myriad colors of Mary Alice Gartrell's stained glass Christmas tree.

**Ordinance No. 87 C.S.
AN ORDINANCE REGULATING
THE WEARING OF SHOES
WITH HEELS IN EXCESS OF
CERTAIN LIMITATIONS**

THE CITY COUNCIL OF THE CITY OF CARMEL-BY-THE-SEA DOES ORDAIN as follows:

Section 1. That Part IV of the Municipal Code of the City of Carmel-by-the-Sea is hereby amended by the addition of a new division to be known as Division 7 C, which shall read as follows:

**"DIVISION 7 C
REGULATION OF THE WEARING OF SHOES WITH HEELS IN EXCESS OF CERTAIN LIMITATIONS ON PUBLIC STREETS OR SIDEWALK AREAS**

"Section 639.1. It is recognized that much of the charm and appeal of the city to residents and visitors alike is due to its urban forest character, rearing the maintenance of Monterey pine, oak and other native trees or shrubs throughout the city. The city has determined to maintain this character which benefits both the residents, by giving them quiet, semi-forested neighborhoods in which to live, and the business community, whose prosperity is so closely linked to the attractiveness of the city to visitors. The maintenance of an urban forest throughout the city necessarily involves some informality in the lighting, location and surfacing of street and sidewalk areas, which in turn involves greater risk to those wearing high heeled shoes more adaptable to formal city life.

"Section 639.2. That the wearing of shoes with heels which measure more than two (2) inches in height and less than one square inch of bearing surface upon the public streets and sidewalks of the City of Carmel-by-the-Sea is hereby prohibited, without the wearer's first obtaining a permit for the wearing of such shoes.

"Section 639.3. Any person desiring to wear shoes with heels in excess of the limitations set out in Section 639.2 above, may do so by obtaining a permit from the City Clerk acknowledging that the permittee is familiar with the provisions of Section 639.1 of the Municipal Code, and by agreeing that upon the issuance of such permit they thereby relieve the City of Carmel-by-the-Sea from any and all liability for damages to themselves or to others caused by their falling upon the public streets or sidewalks of the City while wearing such shoes."

I further certify that upon its passage the foregoing Ordinance was signed by the Mayor of said City and attested by the City Clerk thereof.

"Section 270. The Forestry Commission of the City of Carmel-by-the-Sea is hereby created, to continue until December 31, 1964."

Section 2. Effective Date and Statement of Urgency. This ordinance shall take effect as an urgency ordinance, to be effective on its final passage and adoption, a statement of its urgency being as follows:

That unless the ordinance becomes effective on its final passage and adoption, the Forestry Commission will be dissolved as of the 31st day of December 1963, prior to the time this ordinance would become effective in the normal course of events. That this automatic dissolution of the Forestry Commission would be detrimental to the public health, safety and welfare, and that the activi-

**AGREEMENT TO BUY AND
SELL REAL ESTATE
(Exhibit A)**

THE CARMEL UNIFIED SCHOOL DISTRICT, a political subdivision of the State of California, hereinafter referred to as School, does by these presents agree to sell, and the CITY OF CARMEL-BY-THE-SEA, a California municipal corporation, hereinafter referred to as City, does by these presents agree to buy, certain real property more particularly hereinafter described, on the following terms and conditions:

(2) **ALTERNATIVE PAYMENT PROVISION.** City believes it is unlikely that it can legally agree to make deferred payment as herein provided, but should City be able to accomplish the acquisition of the property either directly or indirectly through a third party by means of deferred payments, School agrees that said purchase price, at City's option, may be payable as follows:

(a) Sixty per cent (60%) or more of said sum paid on or before January 1, 1965, balance amortized by annual payments of one-third (1/3) of the balance or more, together with interest at the rate of five per cent (5%) per annum on the unpaid balance, paid together with such annual payments of principal so as to amortize the balance of the purchase price over a period of not to exceed three (3) years.

(3) **TITLE AND POSSESSION.** Title shall pass to City upon payment of the purchase price, or if the alternative payment provision is exercised, then to City or order upon payment of the down payment of sixty per cent (60%); School in such event to be beneficiary under a first deed of trust on the property to secure the balance of the payments due School. School may at its option rent said property from City, or nominee, at a monthly rent of Two Thousand Dollars (\$2,000.00) per month for such period of time as it chooses after the passage of title to City, but not to exceed or extend beyond July 1, 1965.

(4) **FIXTURES AND IMPROVEMENTS.** It is understood that all

fixtures, including property peculiar to school use, and playground equipment, are to be transferred to City as part of this transaction, excepting only kitchen equipment and kitchen fixtures, which may be removed by School.

(5) **DESTRUCTION OF IMPROVEMENTS PRIOR TO TRANSFER OF TITLE.** School agrees to keep the improvements on said property insured against fire loss in at least the amount of \$300,000.00 from the date of this agreement until City acquires title to the property under this agreement or the option granted herein-after, or until the parties, or either of them, are excused from performance of this contract. If the improvements are destroyed or materially damaged prior to the transfer of title, then at City's option this agreement shall be null and void and of no further force and effect; or at City's option, City shall be entitled to the property as it may or not be restored or reconstructed by School, together with any funds received by School due to damage or loss of said improvements from its insurance, up to the amount of \$300,000.00, and not expended on restoration or reconstruction of the improvements on said property by School.

(6) **TITLE INSURANCE.** At the time of payment of the purchase price, or the payment of the down payment of sixty per cent (60%) or more, should City elect the alternative payment provision of paragraph (2) hereinabove, City shall be entitled to a title insurance policy from a recognized title company in such form as it may require, showing the property to be free and clear of all encumbrances; easements, reservations, conditions or restrictions of record, except as City may except, the cost of such title insurance policy to be borne equally between City and School.

City is expressly released from any obligation to School under this paragraph for such periods of time as such auditorium becomes unfit for use as an auditorium for any reason, including demolition or construction work of any nature undertaken by the City or its assigns.

All rights of School under this paragraph shall terminate twenty-five (25) years after passage of title to said property from School to City.

(8) **EMPLOYMENT OF FINANCIAL CONSULTANTS BY CITY.** In consideration of School's agreeing to sell said property on the terms hereinbefore set out, City agrees forthwith to employ a firm of financial consultants to determine the feasibility of the purchase envisioned herein from City's standpoint, and require of such financial consultants that they submit their report in writing to City not later than March 2, 1964.

(9) **CONTINGENCIES EXCUSING PERFORMANCE BY SCHOOL.** Should City fail to receive a report in writing from such consultants on or before March 2, 1964, School at its option may terminate this agreement, and upon such termination, this agreement between City and School shall be of no further force and effect.

(10) **CONTINGENCIES EXCUSING PERFORMANCE BY CITY.** City shall be excused from any performance under this agreement under any of the following circumstances:

(A) Failure by School by Board action during the first week of December, 1963, to cause to be published School's intention to sell said property to City as provided by law in such matters.

(B) Failure of School by its

Board to cause this agreement to be executed on behalf of School on or before January 15, 1964.

(C) Should the report of the financial consultants employed by City, as referred to in paragraph (8) hereinabove, reflect that such consultants advised that it is unfeasible or inadvisable for the City to undertake the purchase contemplated herein from a financial standpoint, then City at its option may terminate this agreement, which shall thereafter be of no further force and effect or binding upon the parties in any way.

(D) In the event City does not have the sum of Five Hundred Fifty Thousand Dollars (\$550,000) in cash available, in addition to the cash requirements of City's budget, to make the purchase as contemplated herein in accordance with the terms of paragraph (1) of this agreement, on or before January 1, 1965, then this contract shall be of no further force and effect as between the parties unless City exercises its option under such circumstances as provided for hereinafter.

(11) **OPTION.** In the event City does not have funds available to complete this purchase as of January 1, 1955 in accordance with the terms of paragraph (1) of this agreement, School, for and in consideration of the sum of One Dollar (\$1.00) and other good and valuable considerations, does by these presents grant the City an option to purchase said property on or before January 1, 1966, on the same terms and conditions as hereinabove recited, except that in such event the total purchase price shall be paid in cash; and further, that in order to take advantage of such option, City must pay School, as consideration for such option, the sum of Fifty-Five Thousand Dollars (\$55,000.00) on or before January 1, 1965, said \$55,000.00, however, to be credited towards the purchase price, provided the balance be paid in cash not later than January 1, 1966. In the event the property is purchased pursuant to this option, then in such event, the School District shall have the option to rent said property from City at the rate of Two Thousand Dollars (\$2,000.00) per month for such period of time as it chooses, but in no event for a period of time to extend beyond July 1, 1966.

(12) **DESCRIPTION OF PROPERTY.** The real property hereinabove referred to is that certain property situate in the City of Carmel-by-the-Sea, Monterey County, California, and being commonly known as the Sunset School property, being all of Blocks 97 and 110, Map of Carmel-by-the-Sea.

CHRISTMAS IS WHAT A HOME IS —

As much peace as you're likely to find on this earth! Christmas is also what a home is for. Because it makes a good place to keep a Christmas tree. Because you can hide the children's gifts in it. Because you can have your friends in it to say "Merry Christmas" to, and you can cook in it all the goodies with which to entertain them. Because you can stash away all the crumpled paper and ribbon in the garage until you get time to dispose of them. Because — well, because when Christmas is over, Home is a place to have peace in. You don't have a home? We can still put you in the best family home in Carmel in time for all these nice Christmas benefits if you have as much as \$5000 down payment, can use three bedrooms, two baths, a family room, a TV room, an enormous garage, an electrically equipped country kitchen and a heavenly view of the Santa Lucia mountains. Why not give your family a home for Christmas?

LAW IN ACTION**UNLAWFUL SEARCH**

Suppose your client is having a friendly Saturday night poker game with some of his friends when he hears a knock on the door.

He opens it to find two policemen there.

"We hear there's gambling going on here," one of them says. "We'll have to come in and look around."

Your client replies, "Do you have a search warrant?"

The other officer answers, "We don't need one, we're the law. We know there is a game going on here."

Though your client protests they push in, seize the cards, poker chips, and table stakes. They haul your clients and his friends off in the paddy wagon.

Now, by gambling your client broke a California law. But as his lawyer you tell him, the officers were also breaking a law. For centuries the rule has been that no one could enter your house without a search warrant, issued for probable cause on oath, or evidence of a crime being committed.

Had your client allowed the officers in, their seizure of the evidence might well have been lawful. But he objected and they may have had no right to force their way in. And so you as his lawyer object to, and the court will not permit, illegally seized evidence to be used against your client.

What does one do if he is arrested? No matter what crime your client is accused of, or how guilty he might be, he has rights under California law.

Among these are:

1. His right against self-incrimination; he does not need to answer the questions of authorities about himself and his acts. No one can make him legally testify against himself. (The Fifth Amendment) Nor can he be made to produce papers, documents, or other evidence which would tend to incriminate him.

2. As we have already seen, the police cannot seize evidence without a search warrant, probable cause, or your consent to search the premises. In California the rules against illegal search and

seizure have become complicated of late and results depend on the particular facts of the case. Still the prosecution cannot use evidence seized unlawfully.

It is felt by board members that this additional program in the Valley will help alleviate the crowded conditions at the high school pool.

Superintendent Medill Bair reported that on a survey of class sizes in the elementary schools, the district is doing very well. "The picture is excellent, with only four exceptions, three of which have already been corrected. The citizens of the district should be proud. The average size of classes is 25 students." Another bright note in Mr. Bair's report was the fact that 30% of the senior class at Carmel High is on the honor roll, while only 10% of the seniors are on the ineligible list.

Nuclear Nuts Visit Atomic Reactor

The Carmel Junior High School atomic study group "The Nuclear Nuts" was privileged to be allowed to visit the Vallecitos Atomic Reactor near San Francisco. The Nov. 22 trip was sponsored by Mr. Lloyd Weer, of the Carmel office of the P.G. and E., Mr. Richard Smith, public relations department of P. G. and E., Mr. Don Scham.

The Nuts, headed by Mr. Albert C. Kolb, science teacher at CJHS, had studied various areas of atomic theories and had visited the Monterey Navy Post Graduate School two times previously.

"Nuclear Nuts" present on the trip were: Mel Grimes, Adriann Ricupenro, Kay McCombs, Jerri Stoneson, Lory Swan, Barbara Coss, Greg Sprung, Gary Holloway, Hugh Steele, John Rennels, Scott Sinclair, Steve Meadows, and Carole Kiler, consultant of the group.

The group and Mr. Kolb wish to express their gratitude to the drivers of the excursion, Dr. Walter Klas, principal of CJHS, Mr. Ureel B. Holloway and Dr. James Sinclair.

The Nuts arrived at Vallecitos 10 a.m. Friday and immediately entered a lecture room, where they were briefed on the important points of the plant. Immediately after the lecture, the group witnessed the actions inside the control room. The Nuts were then escorted to a fine lunch, paid for by the hosts.

Both students and adults were grateful for the opportunity to visit such a plant and the fine manner in which they were accepted.

J. F. K.'s Last Message On The Bill of Rights

Americans are celebrating the 172nd anniversary of the Bill of Rights this week. Never before has the importance of the principles embodied in this document—the very cornerstone of our democratic way of life—been more evident.

The horrible and tragic circumstances surrounding the death of our late president John F. Kennedy, the efforts of hate groups to suppress freedoms of speech and due process of law, the denials of equality under the law to our Negro citizens, make it more and more important to encourage all citizens to re-evaluate the principles of respect for individual freedoms and for law and order which have been our great heritage under the Bill of Rights.

A short time before his death Mr. Kennedy filmed a 2½ minute trailer for distribution to theatres throughout the country, carrying a message to the nation on the Bill of Rights. The text of the message was prepared by the American Civil Liberties Union and produced by the Council of Motion Picture Organizations. The message is, in part, as follows:

"My fellow American citizens: I am grateful to the motion picture industry for this opportunity to remind you of this most important day in our lives. December

15 is Bill of Rights Day. The Bill of Rights are the first ten amendments to the American Constitution.

"Because of the first ten amendments to the Constitution — because of the Bill of Rights — we have guaranteed freedom of speech, freedom of religion, freedom of the press, the right of assembly and petition, the right of trial by jury, the right to be secure in one's own home, the protection of due process of law and private property and public trial — and many things that perhaps you take for granted but which we are guaranteed in the United States Constitution. So December 15 is an important day."

Carmel Masons Meet Tomorrow Night

Carmel Lodge No. 680 F. & A.M. will hold a special meeting tomorrow at 7:30 p.m. to confer the third degree. Refreshments will be served after the meeting. All Master Masons are invited to attend.
